work experience

COMPOSITOR

9Story Media/Brown Bag Films | 2021-2024 (3 years)

- Integrate live action, 2D, and 3D elements into the sequence
- create any tracking, colour correction, lighting, matte painting, and additional effects
- Worked with Lead and Supervisor to meet client's vision

FINALING ARTIST

Stereo D | 2018-2021

- Created clean plates that match original source material
- Created 2D and 3D tracks
- Recreated colour corrections
- Painted additional information using source image

STEREO COMPOSITING ARTIST

Legend3D | 2017-2018

- Create articulate rotos in MochaPro to be used for scenes in film
- Composited a final stereo converted scene in Nuke using 3D elements that were created and provided

STEREO DEPTH ARTIST

Legend3D | 2016-2017

- Create tracking data for scenes in feature films
- Build depth using masked out elements in shot (ie. Character, foreground objects, and background) to create stereo images
- Animate movement to convert 2D source into 3D
